**FOR IMMEDIATE RELEASE**

April 1, 2021

**NEWS RELEASE**

**Blue Ridge Companies Celebrates 20<sup>th</sup> Anniversary**

**HIGH POINT, NC** -- Blue Ridge Companies is 20 years connected! The property management arm of the High Point-Based company turns 20 on April 1, 2021. The development, property management and construction services company is celebrating all year long with an updated logo, community and employee engagement opportunities.

Blue Ridge Companies founders David Couch and Chris Dunbar envisioned a company that integrated all phases of real estate: development, construction, and management, to operate most efficiently. The property management arm was formed to manage the day-to-day operations of multifamily properties and provide quality management for luxury apartment homes.

*"We have come such a long way since we began Blue Ridge Property Management two decades ago," says President and COO Chris Dunbar. "Each and everyone's efforts are needed to make a company successful; our partnerships with area businesses and vendor partners are a vital part to our success, and our associates are at the core of our achievement."*

Blue Ridge Companies has three employees who have already celebrated 20-year anniversaries, and several more will celebrate 20 years with the company in 2021.

*"Our associates have been an essential part of our company's journey and success," says CEO David Couch. "Hard work, loyalty and diligence make the best employees, and in turn, a strong organization. We are eternally grateful for the dedication and passion they have shown."*

Blue Ridge Companies has grown with a commitment to provide unsurpassed residential services and living environments to our residents. The goal is to create a caring, family environment for both employees and residents.

Blue Ridge Companies was named in honor of North Carolina's Blue Ridge Mountains. Their logo is fashioned after the Linn Cove Viaduct, an engineering feat that runs along the mountainside and is a product of preservation, resolve, collaboration, and visionary solutions.
